

Georgina Marrison

Running for **SECRETARY**

Team Manifesto on https://youtu.be/HKHr_8eVq34

Education: BA, Graphic Design Kingston Polytechnic. Senior art director. Currently empty-nester at home with the luxury of time on my hands.

Sports: Tennis player, swimmer (fond of swimming in freezing cold waters)

Personal life: Married to Simon (GB, FR) with two sons, aged 21 and 19, at University.

How background will help the SAC

- My husband tells me you should play to your strengths. My strengths are artistic talent and bringing people together
- My vision for the Club for the months, years ahead is founded on volunteer work, which I thoroughly enjoy
- Working with the tech specialists in the team (Tarja, Emile, Victor...) to improve IT in all aspects of the Club
- Developing a Club App communicating the newsletter, calendar, sports and tournaments, sharing spaces, bringing all the Sections together. This would involve organising and working with our volunteer teams, recognising tasks and connecting people
- Set up WhatsApp groups across all sports. My month-old SAC Tennis WhatsApp group, medium to fun level, already has 32 participants. It brings players together any time, any day of the week, to make friends and play tennis together. I would aim to set up WhatsApp groups for all sorts of new offers such as boot camp, badminton, volleyball, croquet, scrabble, sketching....
- Working closely alongside the software company ADSL (Aide aux Dirigeants Service aux Licenciés) to use and tailor their software for our specific needs. Use their expertise for members' licence creation across all sports such as squash, cricket, not just tennis
- Constantly striving to bring in new members
