

Maxime Brasseur

French national, lived and worked abroad, incl. 6 years in Brighton UK
49 years old, two sons that used to be members (now away for studies)
Education: ESCP EUROPE (French Business school, Paris/Oxford/Berlin)
Managing Director of a €20 Mio company (Japanese writing instruments)
Member since 2006
Tennis player since 2006 (former Head of Tennis section back in the 00's)

What I believe in: benevolence, example and honesty.

What I wish for the Club:

- that its finances be cleaned up so that it can continue its history in all serenity and for a long time
- that the people who take care of it do so for the good of all, and not for themselves
- that we find back a festive and cosmopolitan atmosphere in a cosy place that favours meetings and exchanges.

In my opinion, what needs to be put in place:

- a new governance that puts a definitive end to the era of the “major works” which has done the Club a great deal of harm in many dimensions (financially and far beyond)
- elected MC members who truly love the Club and who just want good things for it
- people who are competent in their field, each one bringing his or her own expertise.
